

AdPro networks

A division of AdGorilla.TV

With AdPro Networks, your system will have the opportunity to sell advertising on many well-established, highly-watched networks, including:

and many other channels.

How does AdPro Networks work?

AdPro Networks manages the advertising insertion process for your cable system from start to finish, allowing you to focus on providing quality communications services to your customers. We then share revenue from advertising insertion with your system.

What is AdPro Networks?

AdPro Networks is a full-service turnkey advertising company currently inserting advertising for over 30 markets and 100,000 subs nationwide.

AdPro Networks can provide the following services for cable operators of all sizes:

- Local, Regional & National Advertising Sales
- Marketing Services
- Placement
- Traffic & Billing
- Complete Digital or Analog Insertion
- Monthly Revenue Stream
- Subscriber Retention Through System Marketing & Cross-Channel Promos
